

Only Rain Down The Drain!

A Berea storm drain is a pipe to a stream. It is not connected to the treatment plant.

What leaves a gutter can reach Silver Creek, Brushy Fork, or Walnut Meadow Branch. The handout and Card A say the same thing.

Do This	Not This
Bag trash and close the can	Pour paint, oil, or soap in the gutter
Keep leaves and clippings on the lawn	Blow yard waste into the street
Recycle oil and antifreeze	Hose a spill toward the drain
Wash a car on the grass, or use a commercial wash	Treat a drain like a trash can

When You Call, Say This

The street or the place. What you saw: a sheen, mud, trash, pet waste, or a blocked drain. When you saw it.
