

Keep Leaves Out of the Gutter!

Yard waste in the street becomes sediment in the creek, and it clogs the drain.

A blocked inlet floods the curb. The leaves do not stay there. Card C is the fall post. Hand this out with it.

Do This	Not This
Sweep leaves back onto the lawn	Blow clippings into the street
Bag them, or mulch them	Pile leaves in the gutter
Clear the inlet in front of your house	Hose them toward the drain
Report a drain that is already blocked	Leave a full bag at the curb inlet

When You Call, Say This

The street or the place. What you saw: a sheen, mud, trash, pet waste, or a blocked drain. When you saw it.
